## **EXCITING START TO 2015!**

### *Chairman's Perspective*

Well the NCAA Men's Tournament was exciting and a busy thing to observe. Kentucky had two teams, University of Louisville and University of Kentucky, in the final top teams. What excitement either in the stands or on the TV. And don't forget Bellarmine who are doing great in the lower NCAA.

In the earlier days, George Mikan was the talented basketball player that I watched play. Now this team at UofK has four giants, they are not clumsy at all and can run the full court in seconds. The twin guards could play forward or center on most college teams.

This weather has been talked and written about so I won't mention it much but say that we in the central part of Kentucky are very lucky. When the snow fell there were other states that received more snow than we and more rain also. Please don't ask me to move from my dear area.

By the way, we must be concerned about the water supply in the U.S.

Some forecast a drastic shortage some day. So please "waste not and want not."

My dear grandmother would come to visit on our farm near Rineyville and as soon as she sat down, she would say "Bobby go down the hill to the spring and get a fresh bucket of water." Water has always been precious.

We had a nice group in March at the Hillcrest Banking Center. Some birthdays were mentioned and food was enjoyed. Our most important item is to bring people together to make friendships to enjoy. Brenda showed some interesting slides of the Galilean Home.

I will close with an update on Jase Colson. He enjoyed a first birthday on February 5th. We hear sometimes that older age is not much fun, but I like the idea of staying around to see the new little great-grandchildren and to play with them. Maybe the picture tells what others think.

Martha Jean Owsley and her great-grandson, Jase Colson. Jase recently celebrated his first birthday and he eagerly shows his excitement.

## Shipshewana Amish Trip June 8-10

As we usually do, we will leave Towne Mall in E'town, at 7:00 a.m. This first day we will check in at the Blue Gate Garden Inn where just off of the lobby is a place to sit and enjoy playing cards.

We will get settled in, unpack, and head for dinner at the Blue Gate Restaurant. Then we will take in 'Josiah for President', which is a very good play.

A step-on guide will join us for the second day. We will see several quilt gardens which are all beautiful. Our guide will take us to several interesting places and then it will be lunch on your own. Then it's back to the hotel before going to an Amish family's home for dinner.

Before we head home on Day 3, we will visit the Hudson Auto Museum and head to the Flea Market. If we haven't had the chance to visit the bulk food store, we will stop on our way out. We should arrive home about 8 o'clock that evening.

This trip is a 2 night, 3 day visit, with the inclusion of two breakfasts, and two dinners (one in an Amish home), a visit to the Hudson Auto Museum, and most likely a visit to cheese shops, an Amish bakery, and the bulk food store.

The cost is \$536.00 for single, \$393.00 for double. A deposit of \$100.00 is due by April 1st with the balance due by May 1st. To make your reservation(s), call Brenda at 270-737-9073.

## Patti's 1880's Settlement & Badgett Playhouse • July 10

Join us on a day trip to Grand Rivers, KY to eat at the famous Patti's Restaurant, known for their wonderful pork chops and other delicious food. You will have your choice of three entrees and the sides that go with them. We will then go to The Badgett Playhouse and enjoy an afternoon of "Southern Gospel Music". There will be time to shop at the many stores after the show. We will leave Towne Mall at 8:30 AM and return home around 9:00 PM. The price is \$110 per person and payment is due in full before June 5. To make your reservation call Brenda at 270-737-9073. This trip usually fills up fast so don't delay.
