Chairman's Perspective

What a building! Yes, 51 went on the Hometowneer's bus to Northern Kentucky Thursday, March 16th, leaving the Penny's parking lot at 8:00 am. All had wonderful experiences imagining where Noah and his wife, 3 sons, and their wives were saved from the "Great Flood" so many years ago. Of course, some of our Hometowneers might have thought the Lord could have left some of the bad

animals and bugs out of the ark to fend for themselves, but we should not second guess our Lord.

The real work was building this ark from pine lumber.

Each deck had many bags of feed and many clay jugs of water for the journey. We saw no live animals but got the idea where they would have been caged. Our second stop was at "Jungle Jim's" store. This is said to be the longest store in the world and I believe that to be true. Their food areas were very large and even market Malaysia, Mexico, and many other countries. We could have bought olives in many different colors as well as 150 different kinds of cheeses. Quite a large area to shop. We each had an opportunity to see how the rest of the world eats. Brenda and Nancy chose interesting places for us to travel.

Our last regular meeting had a guest speaker, Mr. Rick Games, Etown Industrial Foundation, who told us much about the growth of factories in our area. We will be going to Saunders Springs for our May meeting. Watch for Brenda's trip announcements and register early in you want to go with us.

Sincerely,

BG Awesley
